

CDP Scoring and GCoM Validation

A comparison between CDP Scores and the badges awarded by the Global Covenant of Mayors (GCoM).

Based on your response to the CDP-ICLEI Unified Reporting System, you can receive a CDP Score and badges from GCoM. These differ in several ways, which are outlined in this document.

GCoM collects information from the CDP-ICLEI Unified Reporting System. 36% of those questions are GCoM-specific.

CDP Scores	GCoM Badges
<p>CDP assesses the information provided across the whole of the questionnaire against criteria set out in the CDP scoring methodology.</p>	<p>CDP/ICLEI assess the information provided for all GCoM-relevant questions against criteria specified in the Common Reporting Framework (CRF).</p>
<p>CDP awards one adaptation score, one mitigation score and one overall score within the following scoring bands:</p> <p> A LEADERSHIP B MANAGEMENT C AWARENESS D DISCLOSURE </p> <p>All scores are private. Only cities who get an A will be featured on the public cities' A-List, with their consent.</p>	<p>GCoM awards badges based on the pillars of the Common Reporting Framework:</p> <p> MITIGATION ACCESS TO ENERGY* ADAPTATION * Not currently assessed </p> <p>Any badge(s) you are eligible for based on your compliance results will be awarded by your relevant GCoM Regional/National Covenant. The badge(s) will be publicly displayed on the Global Covenant of Mayors website.</p>
